INTRODUCTION

The Public Employees Benefits Agency Revolving Fund was established effective April 1, 1988. The authority for the Fund is contained in Section 65 of *The Financial Administration Act, 1993*.

The intent of the Fund is to account for the administration costs of the Public Employees Benefits Agency (PEBA). These costs are allocated to the following plans and programs:

Pension Funds

Anti-Tuberculosis League Employees Superannuation Fund
Judges of the Provincial Court Superannuation Plan
Liquor Board Superannuation Plan
Members of the Legislative Assembly Superannuation Fund
Municipal Employees' Pension Plan
Saskatchewan Pension Annuity Fund
Public Employees Pension Plan
Public Service Superannuation Plan
Saskatchewan Transportation Company Employees
Superannuation Plan
Workers' Compensation Board Superannuation Fund

Employee Benefit Funds

Public Employees Dental Fund
Public Employees Disability Income Fund
Public Employees Group Life Insurance Fund
Extended Health Care Plan
Extended Health Care Plan for Certain Other
Employees

OPERATION OF THE PLAN

ADMINISTRATION

The Fund is managed by the Public Employees Benefits Agency, Saskatchewan Finance.

The costs incurred in the administration of the various plans and programs by PEBA are billed on a monthly basis.

Costs relating to a particular plan or program are allocated to that plan. All other costs are allocated to the plans and programs using a formula primarily based on time required to administer these plans and programs.

FINANCING

The maximum amount for accumulated net expenditure has been set at \$1,200,000. Subsection 65(12) of *The Financial Administration Act, 1993*, provides for the maximum of accumulated net expenditure which may at anytime be outstanding to be set by order of the Lieutenant Governor in Council.

ADMINISTRATION COSTS

2000	\$6,056,646
1999	\$5,320,103
1998	\$3,928,530
1997	\$2,923,195

All costs are paid by the various plans and programs. Revenue and expenses will therefore equal, leaving the excess of revenues over expenditures a "nil" amount annually.

PUBLIC EMPLOYEES BENEFITS AGENCY REVOLVING FUND

FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 2000

AUDITOR'S REPORT

To the Members of the Legislative Assembly of Saskatchewan

I have audited the balance sheet of the Public Employees Benefits Agency Revolving Fund as at March 31, 2000 and the statements of operations and changes in accumulated net expenditure for the year then ended. The Fund's management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Revolving Fund as at March 31, 2000 and the results of its operations and its cash flows for the year then ended in accordance with generally accepted accounting principles.

**PUBLIC EMPLOYEES BENEFITS AGENCY REVOLVING FUND
NOTES TO THE FINANCIAL STATEMENTS**

MARCH 31, 2000

1. Authority and Definition of Accounting Entity

The authority for the Public Employees Benefits Agency Revolving Fund (Revolving Fund) is contained in Section 65 of *The Financial Administration Act, 1993*. The Revolving Fund was established to account for the administration costs of the Public Employees Benefits Agency (PEBA). These costs are allocated to the various plans and programs administered by PEBA in accordance with the policy described in Note 2(c).

2. Significant Accounting Policies

The financial statements are prepared using generally accepted accounting principles. These financial statements do not present a cash flow statement because the required cash flow information is readily apparent from the Statement of Changes in Accumulated Net Expenditure and Note 5. The following policies are considered significant:

a) Net Expenditure (Recovery)

The net expenditure (recovery) for a fiscal year is the cash flow from (to) the General Revenue Fund. It represents the total annual financing requirements resulting from net capital acquisitions, working capital changes and net cash flow from operations of the Revolving Fund.

b) Accumulated Net Expenditure (Recovery)

The accumulated net expenditure (recovery) of the Revolving Fund consists of the sum of the net cash expenditures (recoveries) of each fiscal year since inception.

c) Revenue

The costs incurred in the administration of the various plans and programs by PEBA are billed on a monthly basis to these plans and programs as follows:

- i) Costs relating to a particular plan or program are allocated to that plan.
- ii) All other costs are allocated to the various plans and programs using a formula primarily based on time required to administer these plans and programs.

d) Capital Assets

Individual capital assets and leasehold improvements costing more than \$500 are capitalized. They are being amortized on a straight-line basis over three years for equipment and software and five years for furniture and leasehold improvements. The cost and related accumulated amortization of items retired or disposed of are removed from the records and any gains or losses are included in the statement of operations.

3. Authorized Financing

Subsection 65(12) of *The Financial Administration Act, 1993* provides for the maximum of accumulated net expenditure which may at any time be outstanding to be set by order of the

Lieutenant Governor in Council. The maximum amount for accumulated net expenditure had been set at \$1,200,000 by Order in Council 746/98. Effective June 13, 2000 the maximum amount for accumulated net expenditure has been increased to \$2,200,000 by Order in Council 328/00.

4. Capital Assets

	Cost		Accumulated Amortization		Net Book Value	
	2000	1999	2000	1999	2000	1999

5. Net Change in Working Capital Items Related to Operations

	<u>2000</u>	<u>1999</u>
(Decrease) increase in accounts receivable	(11,679)	\$ 272,266
Decrease (increase) in accounts payable	<u>419,998</u>	<u>(403,471)</u>
	<u>\$408,319</u>	<u>\$(131,205)</u>

6. Related Party Transactions

Included in these financial statements are transactions with various Saskatchewan Crown corporations, departments, agencies, boards and commissions related to the Fund by virtue of common control by the Government of Saskatchewan and non-Crown corporations and enterprises subject to joint control and significant influence by the Government of Saskatchewan collectively referred to as "related parties".

Included in revenue and expenses are costs amounting to \$789,206 (1999 - \$642,778) incurred by the General Revenue Fund for services provided on behalf of the Revolving Fund. These costs are billed to the various plans and programs administered by PEBA in accordance with subsection 64(7) of *The Financial Administration Act, 1993*. Amounts received by the Revolving Fund relating to these costs are paid to the Minister of Finance and credited to the General Revenue Fund in accordance with subsection 65(11) of *The Financial Administration Act, 1993*.

In accordance with established government policy, the Revolving Fund has not been charged with certain costs including financing and administrative costs. These costs have been absorbed by various departmental appropriations and therefore, no provision for such costs is reflected in these financial statements.

Administration fees are allocated to plans as described in Note 2. Expenses are recorded at standard rates charged by these organizations.

The following table summarizes the Revolving Fund's related party transactions that are in the normal course of operations.

	<u>2000</u>	<u>1999</u>
Administration fees	\$6,056,646	\$5,320,103
Expenses	<u>\$843,344</u>	<u>\$690,394</u>

At year end, the following amounts were due to/from related parties as a result of the transactions referred to above:

	<u>2000</u>	<u>1999</u>
Accounts receivable	\$961,823	\$973,502
Accounts payable	\$3,546	\$417,087

In addition, the Revolving Fund pays Saskatchewan Education and Health tax to the Saskatchewan Department of Finance on all its taxable purchases. Taxes paid are recorded as part of the cost of those purchases.

7. Budget

The various pension plan boards approved their component of the annual budget. A copy of the annual budget was also submitted to Treasury Board.

8. Amount Reported in the Public Accounts

The net revenue/(expenditure) of the Revolving Fund reported in the Public Accounts is the net income/(loss) of the Revolving Fund adjusted for the following differences in accounting policies between the Revolving Fund and the General Revenue Fund:

	<u>2000</u>	<u>1999</u>
Net income/(loss)	\$ -	\$ -
Decrease (increase) in capital assets	38,308	(488,253)
Amounts not included in Public Accounts due to timing	<u>(290,083)</u>	<u>381,495</u>
(Net financing requirement) recovery, reported in Public Accounts	<u>\$(251,775)</u>	<u>\$(106,758)</u>

9. Financial Instruments

a) Significant terms and conditions

There are no significant terms and conditions related to financial instruments classified as accounts receivable or accounts payable that affect the amount, timing, and certainty of future cash flows.

b) Credit risk

The Revolving Fund is exposed to credit risk from potential non-payment of accounts receivable. The total receivables are \$961,823 at March 31, 2000 with no allowance for doubtful accounts. Most of the receivables were received shortly after year end reducing the credit risk.

c) Fair value

The Revolving Fund's financial instruments include accounts receivable and accounts payable. Due to their immediate or short-term nature, the fair value of these instruments approximates the carrying value.

The fair value of the accumulated net expenditure has been omitted because it is not practicable to determine the fair value with sufficient reliability.

10. Uncertainty due to the Year 2000 Issue

The Year 2000 Issue arises because many computerized systems use two digits rather than four to identify a year. Date-sensitive systems may recognize the year 2000 as 1900 or some other date, resulting in errors when information using the year 2000 dates is processed. In addition, similar problems may arise in some systems which use certain dates in 1999 to represent something other than a date. Although the change in date has occurred, it is not possible to conclude that all aspects of the Year 2000 Issue that may affect the entity, including those related to customers, suppliers, or other third parties, have been fully resolved.
